

Miss Amanda's Awesome P3 Class!

Dear Parents,

We have had such a great start to our school year. Carol and I are so blessed to have your children in our class. Each one of them brings a smile to our face.

During the month of September we will start learning letters and numbers. We will also finish making our "Creation" books. The children have worked very hard making them.

I encourage you to look through the books with your child. Ask them to tell you the story of how God created our world. The completed books will be sent home during the first part of the month.

Also, don't forget that our EED Fun Days start this month on Fridays.

God bless,

Miss Amanda and Miss Carol
